INTRODUCTION

This document is a compilation of Metra's current fare products, prices, and policies. These have been reviewed for accuracy by the appropriate groups within Metra. It is intended to be a resource to riders and the agency as a whole.

FARE POLICY PRINCIPLES

- Consider regular fare adjustments that ensure a balanced budget, sustain service, keep pace with inflation, and avoid significant, infrequent fare increases.
- Allow no diversion of capital-eligible funds to the operating budget.
- Acknowledge the total value of providing services to the region's economy while recognizing that fares must cover a percentage of operating costs, as set by the RTA, and support Metra's capital program.
- Understand the short-term and long-term impacts of fare changes on ridership and revenue as well as the time and resources needed to implement them.
- Improve fare collection by simplifying the overall process and transportation costs.
- Offer a fare structure and policies that are easy to use and understand by offering fare structure and products that are regionally equitable and appeal to current and prospective customers.
- Evaluate impacts of cooperative opportunities on fare structure, products, pricing and policies of our local transit partners and evaluate national peer programs that have stimulated ridership.

RECENT NOTABLE CHANGES

The following fare policy change is reflected in this document. Change is effective January 1, 2023.

- "Super Saver" Monthly Pass: The \$100 flat-rate "Super Saver" Monthly Pass, launched July 1, 2022 as a temporary fare promotion, is continued past the six-month promotional period.

TICKET TYPES

Zoned Ticket Types

Current fares for zoned tickets (One-Way, Day Pass and 10-Ride) are shown in Table 1 (full fares), Table 2 (reduced fares) and Table 3 (full and reduced One-Way Group fares). Fare zones by station are shown in Table 5. Zoned ticket types are good on all Metra rail lines, unless otherwise specified.

One-Way Ticket

Valid for one continuous trip¹ within the specified fare zones. One-Way Tickets are available with both full (adult) and reduced fares. One-Way Tickets sold on board by a conductor are subject to a \$5 surcharge if boarding at a station where a ticket agent is on duty. One-Way Tickets purchased in advance must be used within 14 days including the day of purchase and are not refundable. One-Way Tickets purchased on board from train personnel are only valid for the trip on which the ticket was purchased, which may include a layover or transfer as part of a continuous trip.

Day Pass

Valid for unlimited travel on a single service day. The \$6 Day Pass is valid for travel within one to three fare zones; the \$10 Day Pass is valid for travel systemwide. Day Passes are for the exclusive use of the purchaser and may not be shared or transferred. Passengers who use the three-zone \$6 Day Pass must travel in the zones selected and displayed on their pass; purchase of a One-Way Ticket is required for travel beyond the zones selected. An incremental ticket cannot be used with a \$6 Day Pass to extend travel beyond the specified fare zones. The Day Pass must be used within seven days of purchase and is not refundable. Once activated, the pass is valid for the remainder of the same service day, up until 3 a.m. of the following calendar day. The Day Pass is available for purchase only through the Ventra App.

10-Ride Ticket

Valid for ten continuous trips within the specified fare zones. Ten-Ride Tickets are available with both full and reduced fares. Ten-Ride tickets may be shared by multiple riders (although all riders sharing a reduced 10-Ride Ticket must be eligible for one of Metra's reduced-fare programs). Ten-Ride Tickets are valid for 90 days from the date of purchase and are not refundable.

Group Travel

Discounted travel is available for groups of 25 to 135 paying riders travelling together. Discounted group travel is limited to weekdays from 9 a.m. to 3 p.m. and after 7 p.m., and all day on Saturdays, Sundays, and the following holidays: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving and Christmas. Group travel may be restricted during other expected peak travel times. Groups travelling together are not guaranteed their own rail car.

Discounted group travel must be arranged through Metra at least 21 days prior to the planned travel date, and payment in full must be provided to Metra, by check only, at least 14 days prior to travel. Metra will issue a Group Travel Boarding Pass upon receiving payment in full. The Boarding Pass must be presented to crew members upon boarding as proof of fare payment.

¹ Travel on one or more trains in a single direction, which may include stopovers and transfers between trains at non-downtown Chicago stations only.

Fare Zones and Zoned Ticket Price Calculations

Fare Zones

Fares for One-Way, 10-Ride and Group tickets are based on the fare zones of departure and arrival stations for a given trip. Each Metra station is assigned to a fare zone based on rail line mileage between the station and its respective downtown Chicago terminal station. Each fare zone is approximately five miles in length along each rail line, although some stations falling just inside a given fare zone were assigned to the next lowest fare zone. Exceptions exist, such as one RI station and seven ME stations that were reassigned to the next lower zone and all stations in Zones K through M (one NCS, one UP-N, and three UP-NW) that were reassigned to Zone J initially under a July 2018 fare pilot program and subsequently made permanent.

Fare Calculations and Rounding

Reduced One-Way fares and fares for all other zoned tickets (10-Ride and Group fares) are based on the full or reduced One-Way fare for each fare zone.

Current calculations by ticket type:

- Ten-Ride: Fare is 9.5 times the price of a full-fare One-Way Ticket for each fare zone or zone pair, rounded to the nearest \$0.25;
- Reduced One-Way: Fare is 0.5 times the price of a full-fare One-Way Ticket for each fare zone or zone pair, rounded down to the next lowest \$0.25;²
- Reduced 10-Ride: Fare is 9.5 times the price of a Reduced One-Way Ticket for each fare zone or zone pair, rounded to the nearest \$0.25;
- Adult Group One-Way: Fare is 0.5 times the price of a full-fare One-Way Ticket for each fare zone or zone pair, rounded to the nearest \$0.01;
- Reduced Group One-Way: Fare is 0.5 times the price of a Reduced One-Way Ticket for each fare zone or zone pair, rounded to the nearest \$0.01.

Other Ticket Types

Super Saver Monthly Pass

Valid for unlimited travel systemwide for the specified calendar month, up to noon on the first business day of the following month.³ Monthly Passes are available with both full and reduced fares. Monthly Passes are for the exclusive use of the purchaser and may not be shared or transferred. Monthly Passes are refunded on a percentage basis depending on the date returned (for paper passes) or last activation (for Ventra app passes), with 100 percent refunded on or before Day 1 of the month for which the ticket is valid and 85 percent refunded on Day 2. The percentage of the refund then drops by 5 percentage points each day thereafter (80 percent on Day 3, 75 percent on Day 4, etc.) until Day 18, when the percentage refunded is 5 percent. No refund is permitted after Day 18. Monthly Pass refunds are also assessed \$5 handling fee per transaction if returned after the start of the valid month.

Weekend Pass

Valid for unlimited travel on all Metra lines on both Saturday and Sunday. Weekend Passes are sold at one price (see Table 4) and are not available at a reduced fare. Weekend Passes are for the exclusive use of the purchaser and may not be shared or transferred. The pass is available for purchase only through the

² Reduced One-Way fares are rounded down to ensure compliance with federal law limiting off-peak fares for seniors and disabled persons to no more the one-half of peak hour fares.

³ The \$100 flat-rate Super Saver Monthly Pass, which was introduced as a pilot fare promotion on July 1, 2022, replaced the zoned Monthly Pass on January 1, 2023.

Ventra App. Weekend Passes must be used within 14 days of the date of purchase, and once activated, expire at 3 a.m. on the first calendar day following the weekend of use. Weekend Passes are not refundable.

Saturday/Sunday Day Pass

Valid for unlimited travel on all Metra lines on either Saturday or Sunday. Saturday/Sunday Day Passes are sold at one price (see Table 4) and are not available at a reduced fare. Saturday/Sunday Day Passes are for the exclusive use of the purchaser and may not be shared or transferred. The pass is available for purchase through the Ventra App, station ticket agents, ticket vending machines, or on board the train from a conductor. There is no surcharge for buying a Saturday/Sunday Day Pass on the train if a ticket agent is available at the boarding station.

Saturday/Sunday Day Passes purchased through the Ventra App must be used within 14 days, including the day of purchase; Saturday/Sunday Day Passes purchased at ticket windows must be used within the same calendar month of the day of purchase; Saturday/Sunday Day Passes purchased from ticket vending machines or onboard personnel are valid only for the weekend of the day of sale. Once activated or punched, Saturday/Sunday Day Passes expire at 3 a.m. on the next calendar day. Saturday/Sunday Day Passes are not refundable.

Holiday Day Pass

At the discretion of the CEO/Executive Director, or designee, Metra may issue single day passes on major holidays that do not fall on a Saturday or Sunday, or on other days such as on the day after Thanksgiving. Holiday day passes are valid for unlimited travel on all Metra lines on the date specified only and are sold at one price. Holiday day passes are for the exclusive use of the purchaser and may not be shared or transferred. The pass is available for purchase through the Ventra App, station ticket agents, or on board the train from a conductor and is not refundable.

RTA Ride-Free Permit

Valid for unlimited travel to or from any Metra station, and on all fixed-route Chicago Transit Authority (CTA) and Pace⁴ service. RTA Ride-Free permits are available only for qualifying low-income seniors and disabled persons enrolled in the Illinois Benefit Access program, which has maximum household income requirements. Only the RTA can issue the Ride-Free permits.

Metra Regional Connect Pass

Available only for Metra Monthly Pass holders, the Regional Connect Pass allows connecting travel on CTA and Pace. Pass is valid anytime on CTA buses and trains and on fixed-route Pace buses, including Pace On Demand (formerly Call-n-Ride) and Pulse express service. The Regional Connect Pass is valid on Pace premium routes with payment of a pass transfer fare. For Metra Monthly Passes purchased from a station ticket agent or through a pre-tax provider, the Regional Connect Pass will be issued on a Ventra ticket each month. For Monthly Passes sold through the Ventra App, Regional Connect Passes will only be issued to a registered Ventra card associated with the Ventra account used to purchase the Metra mobile Monthly Pass. Regional Connect Passes are valid for 30 consecutive days from first use; Regional Connect Passes issued on a paper Ventra Ticket may be used as a flash pass on the last day of a 31-day month, if needed, provided the paper pass has a current month sticker.

The fare for the Regional Connect Pass is set under an agreement between Metra, CTA and Pace and is not refundable.

⁴ Suburban Bus Division of the Regional Transportation Authority.

Special Event Tickets and Passes

Metra may issue special event tickets and passes for various high-demand events such as for Ravinia Festival concerts, professional sports championship rallies, marathons, civic or music festivals, etc., to encourage ridership and help curb unintentional fare evasion due to unusually high system ridership. Pricing and valid periods of special event tickets are tailored to each event and can vary from single-ride tickets to multiple-day passes. Special event tickets may be available systemwide or limited to specific rail lines or stations. The CEO/Executive Director, or designee, is authorized to set the price and terms of special event tickets without prior approval of the Metra Board of Directors. Special Event tickets and passes are not refundable.

Marketing Tickets/Charter Trains

The Metra Marketing Department may work with certain event planners, particularly the McCormick Place Convention Center, to develop specialized tickets or passes that are provided to attendees of certain conventions. Metra may also provide charter trains to serve major conventions. The CEO/Executive Director, or designee, is authorized to set pricing of special marketing passes and charter train service without prior approval of the Metra Board of Directors.

REDUCED AND FREE FARE PROGRAMS

Fares for all reduced fare programs are shown in Table 2. Not all reduced ticket types are available to all classes of reduced-fare riders. Reduced fare tickets are not sold through ticket vending machines.⁵ Proof of reduced fare eligibility is required at the point of purchase and may be requested by train crews. Reduced fare ticket holders who do not provide proof of eligibility to train crews on request will be required to purchase a full fare One-Way Ticket on board and are subject to a \$5 surcharge if boarding at a station where a ticket agent is available.

Senior Citizen/Disabled Persons

Senior Citizen/Disabled Persons

Senior citizens 65 or older, customers with disabilities and Medicare cardholders who have an RTA-issued Reduced Fare Permit are eligible for reduced One-Way, 10-Ride or Monthly fares.⁶

Low-Income Seniors and Disabled Persons

An RTA Ride-Free Permit is required for free travel on Metra. Low-income seniors and disabled persons must be enrolled in the Illinois Department on Aging Benefit Access Program and reside in Illinois to be eligible for an RTA Ride-Free Permit. Those enrolled in the Benefit Access Program must then contact the RTA to apply for a Ride-Free Permit.

⁵ Reduced-fare tickets are available through ME and RI ticket vending machines to accommodate the Fair Transit South Cook Pilot program.

⁶ Transit agencies receiving federal funding are required by law {49 USC 5307(d)(1)(D)} to provide transportation during non-peak hours for elderly and handicapped individuals, or an individual presenting a Medicare card, charged at a rate not to exceed 50 percent of the peak hour fare. Transit agencies may require seniors and disabled persons to obtain a special identification card issued by the transit agency as proof of eligibility for reduced fares.

Children/Youth

Young Children

Up to three children age 6 and under may ride free at all times when accompanied by a fare-paying adult. Each additional young child, regardless of age, requires a reduced fare. Any applicable adult ticket may be used as the adult fare. Under no circumstance will children under seven years of age be permitted to travel alone.

Children ages 7 to 11

Children ages 7 to 11 are eligible for reduced One-Way fares.

K – 12 Student Fares

Full-time students enrolled in a grade school or high school can purchase a reduced fare One-Way, 10-Ride or Monthly ticket. College students are not included. Student fares are in effect at all times. When purchasing a ticket, students must present a valid letter of certification from their school (on school stationery) or present a valid school I.D. (both are valid through the end of the calendar year) bearing the student's name, school name and authorized signature. The student identification card, electronic school I.D. or letter of certification must be displayed along with the ticket to the conductor. Failure to do so will result in full fare payment. Student tickets are not transferable.

Home-schooled students must present a letter with the name and address of the person providing the home schooling as teacher/principal at the top, signed and notarized.

At the discretion of the CEO/Executive Director, or designee, onboard cash sales of reduced fare student tickets by conductors may be suspended during certain high ridership events, such as Lollapalooza, St. Patrick's Day Parade, etc. Reduced fare student tickets sold through other sales channels will remain valid at all times.

Family Fares Program

On weekends and select holidays, up to three children age 11 and under ride free with each fare-paying adult. Any applicable adult ticket, including the Weekend Pass and RTA Ride Free Pass, may be used as the adult fare.

At the discretion of the CEO/Executive Director, or his or her designee, the Family Fare program may be extended to weekdays, typically from Memorial Day through Labor Day.

Other Free and Reduced Fare Programs

Military Personnel

Active duty military personnel of all branches (Marines, Air Force, Army, Navy and Coast Guard) who present proper military identification are eligible for reduced-fare One-Way or 10-Ride tickets.

Police Officers and Firefighters in Uniform

As required under Illinois law, police officers from any municipality served by Metra and firefighters from the Chicago Fire Department may ride free with the following restrictions: police officers and firefighters must be in full uniform and free rides for firefighters are limited to within the city of Chicago.

Current and Retired Railroad Employees

Certain current and retired railroad employees may ride free with an employee or retiree pass. Employee and retiree passes are only issued to the following groups: Chicago, Burlington & Quincy retirees with a hire date before January 14, 1966; retired Union Pacific employees receive 10 free passes; current or retired Illinois Central or Metra Electric employees with a seniority date prior to April 1, 1971, or with a

seniority date prior to January 1, 1985 if 100 percent of work was in a commuter rail-related position; Rock Island employees with a seniority date prior to December 31, 1971; and Milwaukee Road employees with a seniority date prior to March 1, 1972. Employee and retiree passes are only valid on the district for which they are issued.

Metra Board Members

Current members of the Metra Board of Directors may ride free with their Metra issued ID card that indicates their position as a Metra Board member.

FARE AND SERVICE POLICIES

Lost Ticket/Refund Policy

Lost/Stolen Tickets

No refund or replacement ticket will be issued for lost, destroyed or stolen One-Way or 10-Ride tickets or Weekend or Monthly passes. All customers must have a ticket in their possession at the time of travel. Customers without a ticket must purchase a One-Way Ticket from onboard personnel (cash only and subject to \$5 surcharge if boarding at a station where a ticket agent is available) or purchase and activate a mobile ticket through the Ventra App.

Refunds

Refunds are only available for Monthly Passes; no other ticket types are refundable. Refunds on Monthly Passes are subject to these rules and conditions:

- Monthly Pass refunds are subject to a \$5 handling fee per transaction if returned after the start of a valid month;
- All Monthly Passes, regardless of method of payment, will be refunded on a percentage basis depending on the date returned, with 100 percent refunded on or before Day 1 of the month for which the ticket is valid and 85 percent refunded on Day 2. The amount refunded continues to be reduced by 5 percentage points for every day thereafter until close of business on day 18 of the month, at which time no refund is permitted;
- Metra is not permitted to issue refunds for Monthly Passes purchased using a Transit Benefit (tax deferred) form of payment. Refunds for tickets purchased through this channel will need to be processed through the passenger's employer and back through the vendor managing the Transit Benefit Program. This includes purchases made with an RTA Fare Check;
- Regional Connect monthly passes are not refundable.

Exchanges

A valid paper ticket may be exchanged only as partial credit toward the purchase of another ticket with a greater number of zones or another ticket type of greater value at any ticket sales location. Weekend tickets and tickets purchased through the Ventra App cannot be exchanged. Partial refunds will not be provided.

Other Fare and Service Policies

Ticket Validation

Riders must present a valid ticket to onboard personnel or law enforcement on request or be prepared to purchase a ticket with cash or through the Ventra App. Riders using the Ventra App for fare payment should activate their ticket upon boarding. Mobile One-Way Tickets and each ride of a mobile 10-Ride

Ticket will remain active for a set amount of time, depending on trip length (passes will remain active for the duration of the pass valid period). Conductors may ask riders to tap an active mobile ticket to verify ticket validity. It is the responsibility of the rider to ensure that their mobile phone remains adequately charged and otherwise in working order to display the mobile ticket as requested. Riders unable to display their mobile ticket on request may be asked to purchase a cash ticket on board. Riders using reduced fare mobile tickets who are unable to provide onboard personnel with proof of eligibility may also be asked to purchase a full fare ticket.

In the event of a service disruption, expired One-Way and 10-Ride tickets will remain available for display to conductors for three hours; it is at the discretion of the conductor to accept a recently expired Ventra mobile ticket as valid fare payment.

Onboard Surcharge

One-Way Tickets purchased on board from conductors are subject to a \$5 surcharge if a ticket agent was on duty at the boarding station. The onboard surcharge does not apply to Weekend, Ravinia or special event passes sold on board, or to tickets purchased on board via the Ventra App. The onboard surcharge also does not apply if the point of sale system at the boarding station is not functioning. A \$1 surcharge will be added to onboard transactions involving \$50 bills and larger.

Stopovers and Transfers

Metra allows stopovers and transfers for riders using One-Way or 10-Ride tickets without additional charge, under the following conditions:

- Riders must notify onboard personnel of planned stopovers or transfers prior to ticket validation;
- Transfers between trains are permitted only for a continuous journey, which may include a change in the direction of travel if transferring between two branches of a single rail line (trips between ME mainline and Blue Island Branch, for example);
- Stopovers are limited to a continuous journey, with no change in rail line or direction of travel;
- Transfers between any two trains at one or more downtown Chicago terminal stations (Millennium, LaSalle St., Union Station and Ogilvie Transportation Center) would not be considered part of a continuous trip and require a separate fare;
- For riders using One-Way or 10-Ride tickets on the Ventra App, each continuous journey, including stopovers and transfers, must be completed within the time limits of the mobile ticket.

These restrictions do not apply to riders using Monthly, Weekend or other passes, as these tickets allow unlimited travel within specified time and zone limits.

Extension-of-Journey (Incremental) Fares

Riders may travel beyond the zone limits of a valid One-Way, 10-Ride or Monthly ticket by paying an additional incremental fare on board. Incremental fares are \$1 for the first zone beyond their valid ticket and \$0.50 for each additional zone (\$0.50 for the first zone and \$0.25 for each additional zone for riders with a valid reduced-fare ticket). Incremental fares are issued on a paper duplex ticket and must be paid in cash. Riders must notify onboard personnel of planned travel beyond the zone limits of their ticket. A \$5 surcharge will be charged in addition to the applicable incremental fare for any rider who travels beyond the zone limits of their ticket and fails to notify onboard personnel.

Incremental fares are not available on the Ventra App. Riders using the Ventra App who travel beyond the zone limits of their mobile ticket must either purchase an incremental ticket from a conductor (cash only) or purchase a One-Way Ticket on the Ventra App between the destination station of the original base ticket and the new destination station. Riders may not use an incremental ticket to extend travel beyond the zones specified on a \$6 Day Pass and must instead purchase a One-Way Ticket for travel beyond the

zone limits of their \$6 Day Pass. Passengers using the \$10 Day Pass may travel beyond the zones specified without the purchase of any other fares.

Bicycles and E-Scooters

Standard bicycles and electric scooters (e-scooters) are accommodated on a first-come, first-served basis for no additional charge; crews have the right to refuse bikes in the event of overcrowding or depending on the needs of customers with disabilities. In the case that cyclists are required to get off the train before their destination, train crews will attempt to accommodate displaced cyclists on a following train. In the event that cyclists cannot reach their final destination via Metra, reimbursement will be based on the fare product used for that trip. Customers may inform Metra they were denied boarding through the [Contact Us](#) form by selecting "Bicycle Denied Boarding" located on Metra's website.

Small folding bikes in protective covers and folding e-scooters are permitted on all trains. Tricycles, tandems, trailers, bulky attachments, bikes with training wheels or gasoline powered bikes or vehicles are not permitted on any trains.

Pets

Small pets in enclosed carriers are permitted on non-peak period weekday trains arriving in Chicago before 6:31 a.m. and after 9:30 a.m., or departing Chicago before 3 p.m. and after 7 p.m., and on all weekend trains. There is no charge for pets.

Train crews have the right to refuse pets in the event of overcrowding. In the case that passengers with pets are required to get off the train before their destination, train crews will attempt to accommodate these passengers on a later train. If these passengers cannot reach their final destination via Metra, reimbursement will be based on the fare product used for that trip. Metra reserves the right to remove passengers with pets that are noisy or disturb other customers.

Employees

Metra does not provide any employee with discounted or free travel, except for employees who qualify for a free employee pass under an agreement with one of Metra's predecessor railroads (Illinois Central, Milwaukee Road or Rock Island) or employees on duty or as otherwise required for work. Any Metra employee who needs to travel between two Metra locations, for work purposes only, may make arrangements with their respective supervisor for a ticket or a limited-use employee pass. Tickets issued to Metra employees are valid on any rail line, but Metra employee passes are limited to the operating district for which they are issued (Metra Electric, Heritage Corridor, Milwaukee, Rock Island and SouthWest). Union Pacific and BNSF provide their employees with special tickets for work-related travel. These passes are only valid on trains operated by the issuing company (UP or BNSF) and not on any Metra-operated rail line.

Service Disruptions

On a case-by-case basis at the discretion of the CEO/Executive Director or designee, Metra may agree to accept CTA, Pace, NICTD or Amtrak fare media for service on one or more specified Metra rail lines to accommodate riders affected by service disruptions on these other service providers.

Failure to Pay Fare

If a passenger fails to provide a ticket for travel and is unable to purchase a paper or mobile ticket, onboard personnel may issue an onboard fare collection envelope as a one-time courtesy to the passenger, with instructions for sending payment to Metra. Riders who receive an onboard fare collection envelope for failure to pay a fare must remit the applicable one-way fare for the transportation provided, plus a \$5 service charge or present a valid Monthly Pass to a ticket agent to void the fare payment envelope. Passengers who fail to send in the required fare payment may be subject to additional claims action.

Onboard personnel are authorized to remove any passenger from a train at the next scheduled stop for fare evasion, including refusal to provide a valid ticket or purchase a ticket on board and/or refusal to accept an onboard fare collection envelope to remit a fare later, or use of a counterfeit or altered ticket, including refusal to demonstrate mobile ticket security features when requested. Metra personnel must turn over any passenger removed from a train for refusal to pay a fare or for use of a counterfeit or altered ticket to the Metra Police Department or local law enforcement officials for prosecution.

Passenger Removal

Passengers whose conduct is disorderly or abusive will not be allowed on board, or will be asked to leave the train. Disorderly or abusive passengers may be subject to arrest. Any passenger who is refused service or is removed from a train due to disorderly conduct is not eligible for reimbursement for any fares paid and may be barred from using Metra service.

PILOT FARE PROGRAMS

The Metra Board can approve fare pilot programs to explore if they will have a positive impact on ridership. These pilot programs will be evaluated to determine their effectiveness in achieving ridership goals. Depending on the outcome of these evaluations, changes under these pilot programs may be made permanent, revised or rescinded.

Fair Transit South Cook Pilot Program

Cook County Board President Toni Preckwinkle and Metra, Pace and Regional Transportation Authority launched the three-year Fair Transit South Cook pilot program on January 4, 2021, to reduce costs and make transit more convenient for residents and workers in south Cook and north Will counties. Under this pilot program, all riders on the Metra Electric and Rock Island lines are eligible for reduced fares. Reduced tickets sold under this pilot are marked for use on the Metra Electric and Rock Island lines only and may not be used on any other Metra lines.

To facilitate the Fair Transit South Cook pilot program, Cook County has agreed to compensate Metra for any fare revenue lost due to allowing all riders to use reduced-fare tickets on the Metra Electric and Rock Island lines.

Day Pass

In response to the COVID-19 pandemic, Metra implemented a \$10 All-Day Pass in June 2020 to limit interactions between front line staff and riders, provide a discount to most riders given the reduction in service, and to encourage the use of Metra by essential workers. On February 1, 2022, Metra expanded the Day Pass under a pilot program that retained the existing \$10 Day Pass for trips of four or more fare zones and introduced a new \$6 Day Pass for trips of one to three fare zones to help grow shorter trip markets. The Day Pass provides unlimited rides on the day of use for the specified number of fare zones and is available only on the Ventra mobile app. Passengers using the three-zone \$6 Day Pass may not use an incremental ticket to extend their journey beyond the zones specified on the pass and must travel in the zones displayed on their pass. The Day Pass is valid for seven days from the date of purchase.

Monthly Pass Promotional Fare

On July 1, 2022, Metra introduced the \$100 flat-rate "Super Saver" Monthly Pass valid for unlimited travel throughout the Chicago area. The new pass was initially offered for a three-month pilot period, which was

then extended to the end of 2022. In November 2022 Metra decided to continue the Super Saver Monthly Pass past the six-month promotional period.

Full fare “Super Saver” passes cost \$100, while a reduced fare pass for eligible seniors, K-12 students and children costs \$70. All riders on the Metra Electric and Rock Island lines also will pay the reduced fare rate, thanks to the Fair Transit South Cook Pilot, with the same stipulation that those passes are valid only on those two lines.

Buying the Super Saver Monthly Pass follows the same process as buying the regular Monthly Pass via the Ventra app and from ticket agents, with only a different price. The passes will look the same as the regular Monthly Pass and still display a zone pair (indicating the fare zones of the riders’ origin and destination stations), but conductors will know that all Monthly Passes are good for unlimited travel across all fare zones.

FARE CHANGES

Fare Change Procedures

Authority for Fare Changes

The CEO/Executive Director, or designee, is authorized to make the following fare or fare policy changes without prior Board approval:

- reduce or waive fares due to emergency service disruptions;
- issue Special Event tickets, including Ravinia Park round-trip tickets;
- issue day passes for holidays or other days;
- issue Marketing tickets and passes;
- approve pricing and schedules for charter service;
- suspend reduced student fares during high ridership events, such as the Lollapalooza Festival and the St. Patrick’s Day Parade;
- introduce promotional fare pilot programs, including ride-free promotions, if under six months in duration and if no fares are increased;
- introduce a pilot fare program or offer promotional tickets that are valid only on specific rail lines or trains; and
- change the validity or expiration period for any ticket type.

Equity Analysis Requirements

Under FTA guidance for transit agency compliance with Title VI of the Civil Rights Act of 1964 (FTA Title VI Circular (FTA C 4702.1B), TITLE VI REQUIREMENTS AND GUIDELINES FOR FEDERAL TRANSIT ADMINISTRATION RECIPIENTS, effective October 1, 2012), transit agencies must evaluate the impacts of any proposed fare change to determine whether or not the proposed change would create a discriminatory effect on riders based on race, color, national origin or poverty status.

Transit providers are required to evaluate all fare changes regardless of the amount of increase or decrease; however, the Title VI Circular provides for three exceptions to this requirement:

- (i) “Spare the air days” or other instances when a local municipality or transit agency has declared that all passengers ride free.
- (ii) Temporary fare reductions that are mitigating measures for other actions. For example, construction activities may close a segment of a rail system for a period of time and require

passengers to alter their travel patterns. A reduced fare for these impacted passengers is a mitigating measure and does not require a fare equity analysis.

- (iii) Promotional fare reductions. If a promotional or temporary fare reduction lasts longer than six months, then FTA considers the fare reduction permanent and the transit provider must conduct a fare equity analysis.

FTA Circular 4702.1B, IV.7.b.(1)(a).

For any fare change that does not meet any of the exemptions listed above, Metra staff will prepare an equity analysis of the estimated impacts on minority and low-income riders. Staff must then present the results of each equity analysis to the Metra Board of Directors for their consideration and approval prior to their final approval of the proposed fare change.

All fare and service change equity analyses shall incorporate Metra's Disparate Impact and Disproportionate Burden analytical thresholds. If, by analysis, a proposed fare change would result in disparate impacts on minority riders, Metra may modify the proposed fare change to avoid, minimize, or mitigate the potential impacts. If the final proposed fare change would result in disparate impacts on minority riders, Metra may implement the change only if the following requirements are met:

- the transit provider has a substantial legitimate justification for the proposed service change, and
- the transit provider can show that there are no alternatives that would have a less disparate impact on minority riders but would still accomplish the transit provider's legitimate program goals.

If, by analysis, a proposed fare change would require low-income riders to bear a disproportionate burden of the proposed change, Metra may modify the proposed fare change to avoid, minimize, or mitigate the potential impacts to the extent possible. Metra will also describe alternatives available to low-income riders who would be affected by proposed the fare change.

Regional Transportation Authority (RTA) Act Requirements

Under the RTA Act, a public hearing must be held for any increase in fares. The RTA Act establishes minimum public notice and location requirements for each public hearing. This requirement does not apply to fare decreases, or changes in fare media that don't result in a fare increase.

This public hearing requirement may be satisfied by the annual program and budget process, which has similar public hearing requirements.

(e-5) With respect to any increase in fares or charges for public transportation, whether by the Authority or by any Service Board or transportation agency, a public hearing must be held in each county in which the fare increase takes effect. Notice of the public hearing shall be given at least 20 days prior to the hearing and at least 30 days prior to the effective date of any fare increase. Notice shall be given by public advertisement in a newspaper of general circulation in the metropolitan region and must also be sent to the Governor and to each member of the General Assembly whose district overlaps in whole or in part with the area in which the increase takes effect. The notice must state the date, time, and place of the hearing and must contain a description of the proposed increase. The notice must also specify how interested persons may obtain copies of any reports, resolutions, or certificates describing the basis upon which the increase was calculated.

(70 ILCS 3615/5.01(e-5))

South Shore Line (NICTD) Fares

Under the RTA Act, all commuter rail service in northeast Illinois is under the jurisdiction of the Commuter Rail Board of the RTA (Metra), including the portion of NICTD service operating within the State of Illinois. Under a purchase-of-service agreement with NICTD, Metra provides funding to NICTD for the service it operates within Illinois. Under this agreement, NICTD is restricted from providing service that competes directly with Metra: inbound NICTD trains may not board passengers at any Illinois station, except Hegewisch, and outbound NICTD trains may not allow passengers to alight at any Illinois station, except Hegewisch.

NICTD fares for full and reduced One-Way Tickets and full fare 10-Ride and Monthly tickets for service between Hegewisch and NICTD Zone 1 stations (Millennium, Van Buren St., Museum Campus/11th St. and McCormick Place) will match Metra Zone D fares, and for these ticket types for service between Hegewisch and Zone 2 stations (55th-56th-57th St. and 63rd St.) will match Metra Zone C fares. Fares for 25-Ride Tickets at Hegewisch and all tickets for service to or from any Indiana station are set by NICTD. Metra has no jurisdiction over any other NICTD fare or operations policies unless otherwise specified in an agreement between Metra and NICTD.

Except under ad hoc agreements to accommodate service disruptions or any other special arrangements, NICTD tickets are not valid for travel on any Metra train, nor are Metra tickets valid for travel on any NICTD train.

Other Fares

Table 4: Other Fares and Surcharges, effective February 1, 2022

Type	Fare	Conditions
Weekend Pass	\$10.00	Unlimited rides on both Saturday and Sunday.
Saturday/Sunday Day Pass	\$7.00	Unlimited rides on either Saturday or Sunday.
Onboard Penalty	\$5.00	Penalty for cash onboard fare payment if a ticket agent is available at the boarding station.
Incremental Fare, Base	\$1.00 (\$0.50 reduced)	Charge for travel to first zone beyond the zone limits of a valid One-Way, 10-Ride or Monthly ticket. (Not available for use with \$6 Day Pass.)
Incremental Fare, Each Additional Zone	\$0.50 (\$0.25 reduced)	In addition to base incremental fare, charge for travel to each additional zone beyond the zone limits of a valid One-Way, 10-Ride or Monthly ticket. (Not available for use with \$6 Day Pass.)
Extension of Ride Surcharge	\$5.00	Penalty for failure to notify conductor of travel beyond the limits of a valid ticket, in addition to applicable incremental or One-Way fare.
Large Denomination Surcharge	\$1.00	Surcharge for currency transactions involving \$50 bills and larger.
Refund Handling Fee	\$5.00	Handling fee, per transaction, for Monthly Tickets submitted for refund after the start of the valid month.
Onboard Fare Collection Service Charge	\$5.00	Service charge for Onboard Fare Collection Envelope issued to riders without sufficient funds to pay a fare.
