

### Instructions

The instructions presented in this document shall be followed by all Third Party Construction Contractors regarding the Contract Modification T&M Form. This form is used to record additional labor, equipment, and materials that were used for additional work due to Contract Modifications. Third Party Construction Contractors will produce the Contract Modification T&M Form when additional work has taken place. No work will be performed by the Construction Contractor until a written notification is issued by Metra's Construction Manager. At the end of each day that additional work has taken place, the Contractor and Metra's Construction Manager will meet to agree on additional labor, equipment and materials that were used outside of the original scope of work. The Contract Modification T&M Form must be prepared for all Contract Modifications that include additional costs that are paid by time and material. The Contract Modification T&M Form along with any backup, including but not limited to verified labor, equipment and material costs must be included in the corresponding Contract Modification Cost Worksheet.

Third Party Contractors shall insert their own company logo in place of the Metra logo in the upper left-hand corner of the form.

This form, and any associated documentation, shall be turned over to Metra as a part of the project closeout. All documents shall be scanned and submitted to Metra via an electronic storage method as specified by Metra.

Follow the directions on the subsequent pages for entering data into the Contract Modification T&M Form.

### Notes:

1. To insert the Third Party logo, right click on the Metra Logo, click on Change Picture, select logo from your files, then adjust size as appropriate.
2. The Contract Modification T&M Form is a one (1) page form. Additional sheets may be attached to the Contract Modification T&M Form, if necessary, to further describe the additional time and materials. Any additional sheets attached to the Contract Modification T&M Form shall clearly identify the Project name, Metra Project number, Contract number and Location.
3. Rows may be added as necessary to accommodate all items included in the time and materials estimate.
4. The general layout of the form has been established by Metra and shall not be altered by the Third Party Contractor.

**Instructions**
